

Portable Environmental Control Units (ECU's) for all applications

F-DI35HP0100CM
3.5 Ton unit shown

FSI® ENVIRONMENTAL CONTROL UNITS

FSI ® offers a variety of specialized ECU's for homeland security / domestic preparedness.

The FSI ® line of portable ECU's offers combination air conditioning, dehumidifying, and heating for all field applications.

- All units come complete with:
- Power cord with plug end
 - Thermostat cord
 - Thermostat controller
 - Two 14"x20' lengths of high quality ducting

All units are customizable. We offer AC only units and Heat Pump units all available with electric resistance heat. Natural Gas and LP heating options are also available on request.

Quality: Only 13 SEER units with R-410A refrigerant are offered; and all are efficient, quiet, easy to service, and extremely reliable.

Warranty: FSI will furnish a replacement or repair any part of this product which fails in normal use and service within the applicable periods stated (2 years on parts; 5 years on compressor).

F-DI25HP0105CM - FSI Portable HVAC - 2.5 Ton/30,000btu AC - 30,000btu Heat Pump/10kw resistance heat. 208/230V 30AMP SINGLE PHASE 60HZ. 29"Hx59"Lx33"W. 330LBS.

F-DI35HP0100CM - FSI Portable HVAC - 3.5 Ton/42,000btu AC - 40,000btu Heat Pump/10kw resistance heat. 208/230V 30AMP SINGLE PHASE 60HZ. 40"Hx56"Lx35"W. 425LBS.

F-DI40HP0100CM - FSI Portable HVAC - 4 Ton/48,000btu AC - 46,000btu Heat Pump/10kw resistance heat. 208/240V 35/41AMP SINGLE PHASE 60HZ. 42"Hx60"Lx34"W. 525LBS.

F-DI50HP0100CM - FSI Portable HVAC - 5 Ton/60,000btu AC - 60,000btu Heat Pump/15kw resistance heat. 208/240V 52/61AMP SINGLE PHASE 60HZ. 42"Hx60"Lx34"W. 550LBS.
